Holidays

All holidays are billed to the patient at 1.5 times the pre-established hourly rate. Rainshadow Home Services recognizes the following holidays: New Years Day, President’s Day, Memorial Day, Easter, Independence Day, Labor Day, Thanksgiving, and Christmas Day. Patients or their POA will be responsible to call the office at least 24 hours before a holiday if they want to cancel an upcoming holiday visit.

1 Hour Visit

1-hour visits are only available if the client lives close to town or near the home health aides established route. It is not practical for a home health aide to drive long distances if they are only going to work a 1-hour shift. The management team will determine if one-hour visits can be offered to a patient on a case-by-case basis. 2 hours is our minimum to be eligible for the normal aide hourly rate of \$42 or \$44/hr (depending on acuity). If a visit is less than an hour, the client will still be charged for the full one-hour visit. For shifts that exceed one hour but are under 2 hours the time after 60 minutes will be prorated at \$65/hour. Once the shift reaches 2 hours or more, the rate will be downgraded to the appropriate aide hourly rate.

Nurse Delegation Tasks – Delegated by the Nurse, tasks completed by Home Health Aide

If nurse delegated tasks are required for a patient’s care, the nurse will come and delegate each task for each assigned caregiver. The fee for the nurse to delegate the caregiver is \$75 per task, per assigned caregiver. WA state requires that caregivers be delegated per patient, per task every 3 months. Patients who have been nurse delegated, HHA hourly rate will be \$46/hour regardless of how many tasks are completed during the shift. Weekend night rates between 6:00pm and 6:00am of \$50/hour still apply.

Overtime

Rainshadow Home Services tries to not schedule overtime. WA state requires that employees are paid overtime rates of 1.5 times their hourly rate for all hours worked over 40 hours in a week. Rainshadow Home Services only passes this overtime cost to the patient when any one employee works for over 40 hours in a single week at the same patient home. If a patient requires more than 40 hours of week of care, we recommend scheduling more than one aide so that overtime rates can be avoided.

Changes or Cancellation of Scheduled Shifts

Patients or their responsible party must provide 24 hours’ notice to cancel a scheduled shift, except in the event of an emergency. If less than 24 hours’ notice is given for a cancelled shift, Rainshadow Home Services reserves the right to charge the full amount for the scheduled shift. If an employee arrives for a shift and the patient is not there within 15 minutes of the scheduled time, the employee may leave, and the patient will be charged the full amount for the shift. If the patient sends the employee home early without prior notice the patient will be charged the full amount for that shift.

Supplies

If supplies are required for the patient’s care the at cost prices (including sales tax) for those supplies are billed to the patient. Rainshadow Home Services does not mark up the cost of supplies.

Mileage

Mileage is billed to the patient at the current IRS rate for businesses. Mileage is incurred when the employee drives their own car for patient errands and drives to the patient’s home – one way.

Insurance

If the patient has insurance coverage, Rainshadow Home Services can attempt to bill their insurance. An itemized statement is available upon request. We also can contact the patient’s insurance company to determine what type of coverage is available and how much the insurance will pay. There is no charge for this service. Patients or their responsible party must pay any portion of their bill that is not covered under the insurance policy.

Acknowledgement

By initialing this form, the patient or their responsible party acknowledges that they have read and understood this rate sheet and all billing information. Existing patients will be given a 30-day notice of any rate changes in accordance with WA state law.
